

Petition re: Removal of Trees from the Beaumaris High School site

To the Legislative Assembly of Victoria

The petition of residents of Beaumaris, Bayside and Kingston draws to the attention of the Legislative Assembly grave concerns regarding the imminent removal of established trees on the Beaumaris school site without community consultation with all stakeholder groups regarding relevant arborist reports, landscape plans, departmental tree policies, requirement for tree removal and replanting options for the site and related issues prior to the chainsaws starting.

The petitioners therefore respectfully request that the Legislative Assembly of Victoria calls upon the Victorian Government to immediately postpone work on the site to allow consultation with all relevant stakeholder groups and community members.
